EXAMINER'S AMENDMENT

The change to claim 3 is made to provide consistent terminology throughout the claims. Changing of "top" to ---tuft--- appears as an obvious minor change as it should clearly be tuft to correspond to claim 1 where the block is set forth as a "tuft block".

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In the Claims

In claim 3, line 3, change "top" to ---tuft---.

Reasons for Allowance

The following is an examiner's statement of reasons for allowance: The claims set forth a unique electric toothbrush not taught by the prior art. In particular, an electric toothbrush that includes a handle, neck and head supported thereby, wherein a tuft block is pivotally mounted to the head for pivoting about a tuft block axis substantially normal to the longitudinal direction of the neck wherein a primary rocker extends longitudinally within the handle and/or neck and pivoting about a primary rocker arm axis substantially parallel to the tuft block axis. The electric toothbrush further particularly includes a secondary rocker arm extending longitudinally within the neck and pivoting about a secondary rocker arm axis substantially parallel to the tuft block axis, a distal end of the secondary rocker arm driving the tuft block and a proximal end of the secondary rocker arm being driven by the primary rocker arm.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
